

Ryan Schefske

iOS Engineer

Passionate iOS Engineer with 5 years experience delivering world-class apps. Developed and released 6 personal projects to the App Store with over 20k combined downloads.

WORK EXPERIENCE

Apple, Austin, TX — iOS Engineer

August 2021 - Present (Contract)

- Matured code base of a new project written in SwiftUI.
- Improved code stability with Unit and UI testing. (XCTest)
- Collaborated with senior developers to further my knowledge of writing clean code and testing.
- Communicated with the MarCom team to understand deliverables and requirements.

E*Trade/Morgan Stanley, Chicago, IL — iOS Engineer

July 2020 - August 2021

- Led SwiftUI adoption in Power E*Trade app.
- Lead developer of iOS 14 home screen widgets.
- Worked closely with product owners and designers to improve UX.
- Wrote shared libraries and Swift Packages for company wide use.
- Converted RxSwift to Combine throughout our project.

INTERNSHIP

BMW Technology, Chicago, IL — iOS Software Configuration Intern

June 2018 - August 2018

- Maintain CI/CD of the BMWOne iOS app using Jenkins.
- Engaged in an Agile environment to deploy updates and releases on time.
- Experimented with new ways of improving the CI/CD system in place.

EDUCATION

Lewis University, Romeoville, IL — Computer Science, B.S.

August 2016 - May 2020

Major GPA: 3.8/4.0

Minor: Business Administration

Chicago, IL - Austin, TX

(630) 487-9606
